POEA's guide to protect job seekers from illegal recruiters:

Always be aware of illegal recruiters' tactics. The **Blind Ads Scheme** is when workers are enticed to apply and send cash payments addressed to a Postal Office Box without the worker having the opportunity to communicate personally with the recruiter.

Our company is seeking for

Technical Representatives

- Willing to be trained abroad in the field of lighting and lighting controls;
- Should be graduate of Electronics and Communication Engineering (ECE) or Electrical Engineering (EE).

Please e-mail your resume at hulton_go@yahoo.com
