

We turn ideas into reality. We are the link from supplier to customer. We search, develop and master state-of-the-art technology to manufacture world-class products; we develop long-term partnership with suppliers; we create means to ensure excellent customer service; we provide venues for our most important asset – our people – to grow and develop their fullest potential. We are the Manufacturing function at P&G Cabuyao.

A branch under a broader organization called Product Supply (PS), we operate and manage the P&G supply chain to ensure the continuous supply and availability of P&G brands to the market. We make, pack and deliver high quality products to our customers at the right time, right place and right quantity. Our scope of responsibility covers planning, purchasing, material sourcing, engineering, manufacturing, quality assurance, logistics, distribution, packaging development and technical services. Our people here in Cabuyao are able to develop not only mastery of technical skills but leadership skills as well. We value our people and invest in them by giving them opportunities for training and development here and abroad, providing them with competitive salaries and the best benefits, and enabling them to develop their full potentials within the company by providing them with a meaningful career path. Our people are the life-blood, the most important assets of the plant. We provide the conditions that would encourage our people to stay on and grow with the company until retirement.

P&G Cabuyao Plant produces top brands which improve the quality of life of billions of Filipinos, like Ariel, Tide, Mr. Clean, Safeguard, Whisper, Pampers, Joy and Downy.
